

Critical Uncertainties

“Developing strategies for operating in a range of plausible yet unpredictable futures”

5 min

1

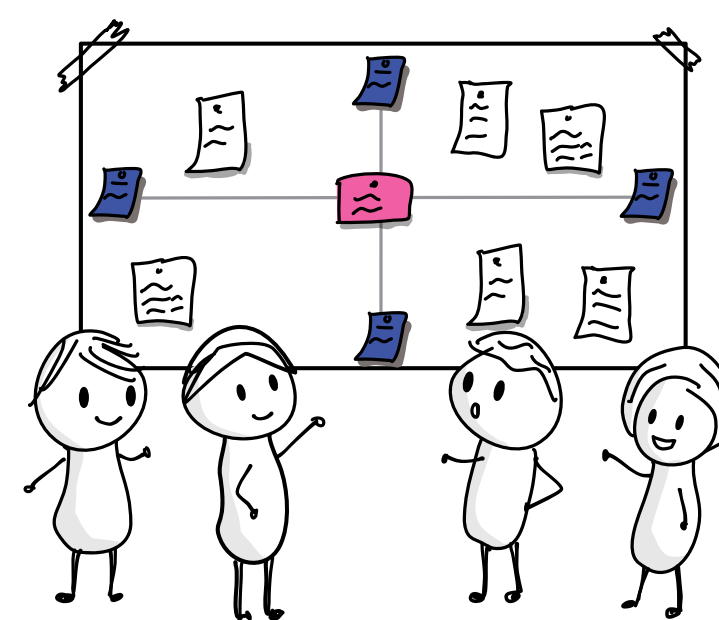

Make a list of uncertainties.

15 min

2

Select the 2 most critical and most uncertain & place on grid as X and Y.

40 min

3

Each group writes a scenario for one quadrant, share it, brainstorm strategies and shares them.

10 min

4

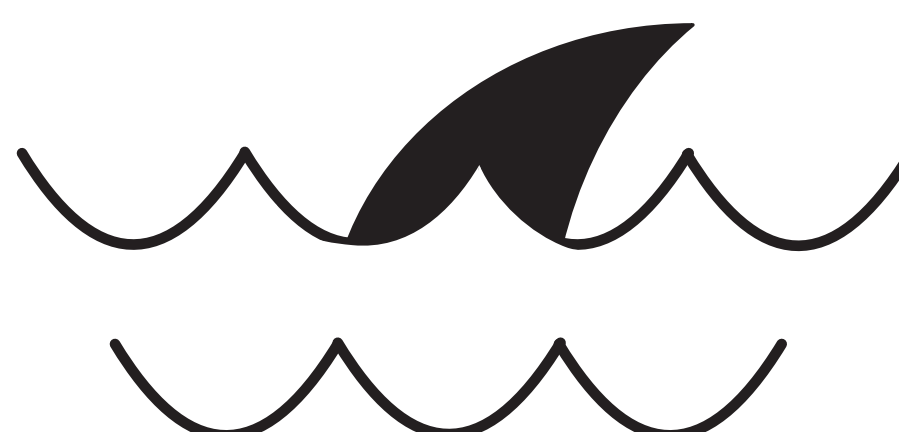

Select robust and hedging strategies.

20 min

5

Groups debrief via “W3”, share it and select a “now what” to follow.
