# MinSpecs 🍄

"Specify only the absolute "must do's and "must don'ts for achieving a purpose"
1 min **(1)** Form groups of 4 - 7. Individually, identify all must-do's and must-not-do's.

5 min **(2)** Within your group, consolidate and expand all ideas into a 'max spec-list'.

15 min **(3)** Within your group, test each item on the max-spec-list against the challenge. Drop it if the challenge can still be achieved.

**15 min** **(4)** Do a second round if needed.

15 min **(5)** Together, compare lists across groups and consolidate to the shortest list.

Max Specs
